

### Elite Quality for Elite Homes

## Tableware COMPOSTABLE BIODEGRADABLE

## About US Elite homeware

For over 10 years, Elite Homeware has been a trusted name in sustainable and eco-friendly solutions. We specialize in high-quality biodegradable products designed to reduce environmental impact while maintaining convenience and durability. Our innovative products help both businesses and households switch to greener alternatives without compromising on quality. Whether you need disposable tableware for events, cafes, or daily use, our eco-friendly solutions ensure a responsible and stylish choice every time.

## Sustainability and Convenience for Every Occasion

We design biodegradable products that offer the perfect balance of sustainability and usability. Our range includes sturdy, compostable food plates, compartment plates, and cup lids—ideal for individuals and businesses looking to reduce plastic waste.

## Durable and Cost-Effective Green Solutions

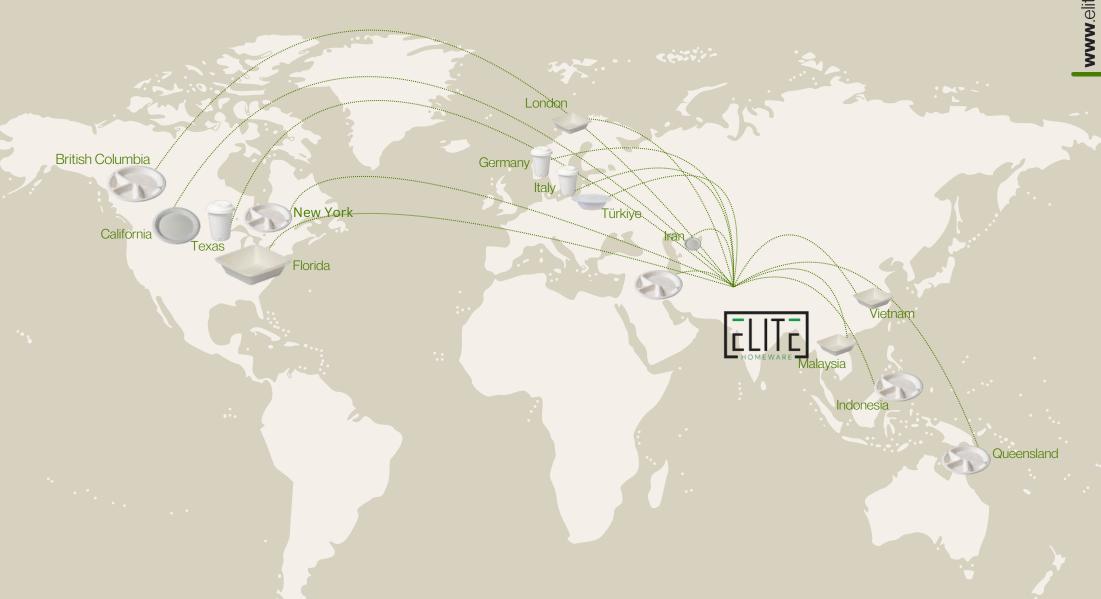

Crafted from high-quality natural materials, our eco-friendly products are built to last for single-use purposes while remaining cost-effective. They provide an excellent alternative to plastic, supporting a cleaner planet without compromising functionality.

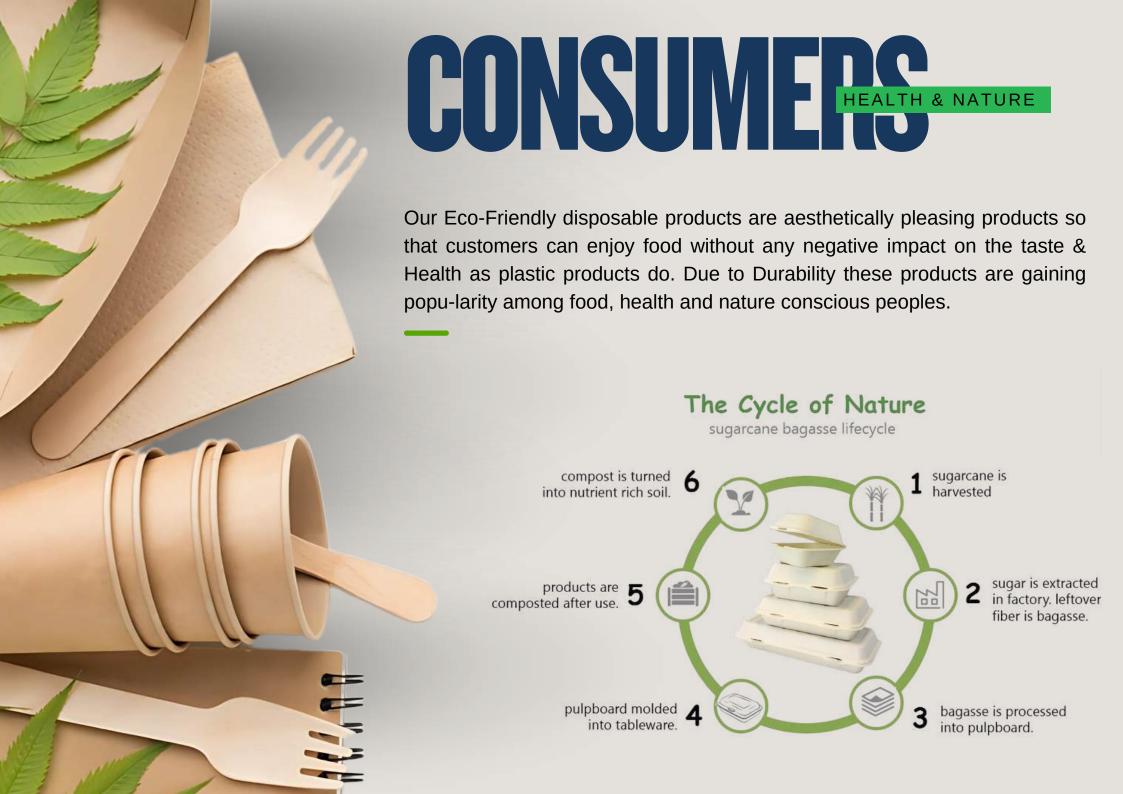

#### Eco-Friendly, Stylish, and Practical

Our biodegradable tableware offers a sleek and modern design while being completely compostable. Perfect for restaurants, catering, and home use, our products help you make a positive environmental impact effortlessly.

## Elite Homeware: Bringing Quality to the World"

With a commitment to excellence, Elite Homeware delivers high-quality tile leveling solutions to construction experts across North America, Europe, and Asia.
